

Kate and I would like to say a huge THANK YOU to you all for making our evening what it was, and that was amazing!!! You guys ROCKED! I don't think there's a better way of describing it than that, you really did! You were exactly what we wanted! The energy was great, the outfits were great and the music was brilliant! Of course it was The Beatles' music so it was going to be, but what I mean is, you can do The Beatles justice and honour their musical talents or you can't....and The Cheates, without a shadow of a doubt, did The Beatles proud!!! You were incredible!!!

We've had nothing but positive remarks about you guys, in fact I think near enough everyone has commented on how good you all were, and how much fun they had! For Kate and myself, we were both having the best day ever, nothing or no one disappointed us that day, especially you guys! We, and I know my father, were really excited about you, The Cheates performing, and when you arrived I couldn't wait for the music to start! If I could have had it my way, and my fathers way, and my wife's way, we would've had you playing all night! The people who knew you were going to playing knew you were going to rock, and that you did, but we kept it from most of the guests so it would be a surprise, and boy was it a good surprise! I think what makes a wedding for the guests more than anything else is the reception, and more so the music. Yes, it's great and tearful to watch the Bride and Groom say their 'I do's', but what most of the guests truly look forward to is the fun stuff afterwards, and I can confidently say, you did not let them down! I think everyone was up and dancing! Knowing that everyone was up and enjoying themselves made Kate and myself incredible happy, and in a sort of weird way, proud, so I can't imagine how great it must be for you guys when you get a reaction from the audience like that?! Because, as you can probably tell by now, I thought the night went extremely well, and that you, the band, The Cheates played a major roll in making our evening as amazing and special as it was!!!

What you also probably guessed, is that Kate and I hadn't planned on a first dance, or rather hadn't organised one, so when you came on and started playing we knew it was down to us to get the dancing started, so again, a huge THANK YOU for throwing my wife and I in the deep end and making us do it, because I loved every second of it! It's a moment I'll never forget! The only thing I have forgot, and I'm not the only one, thankfully, so has my wife, is what we actually danced to! Do you know what it was? It wasn't slow, we both know that much. We couldn't decide what tempo song we wanted which is part of the reason why we hadn't organised one, so when you decided for us it was a huge relief, but more importantly, you couldn't have chose a better song, it was....perfect!

I'm sorry this email has come to you so late, but everyday we've been getting more great feedback about how lovely the day was and how amazing you guys were, so I thought I'd leave it till now, because now, I can honestly say, every single person thought you were brilliant, incredible, amazing, fantastic, awesome, bloody marvellous, and a few even said it was the best wedding they'd ever been to, and my wife and I know that a lot of that is down to just how good you guys were!!!

So, again..... THANK YOU!!

Kind regards and best wishes

A very pleased and happy...
